Title: Division Manager – Kansas, Nebraska, Iowa, Missouri
Location: can choose Omaha or Lincoln, NE or St. Joseph, MO

Job Summary:
• Identify bid opportunities with state DOT’s, counties, cities, and airport authorities throughout the four-state region.
• Submit competitive bids based upon the nature and scope of the work - taking into account all costs, profit potential, risk, schedule, and field crew capacity.
• Manage projects from award date to completion, including attending meetings, resolving field problems, and the collection of all earnings.
• Establish relationships with governmental agencies, engineering consultants, and other contractors.
• Develop knowledge of regional market with a view toward controlled expansion.
• Recruit and oversee field foreman and laborers.
• Manage truck and equipment fleet.

Skills, Abilities and Requirements:
• At least 5 years of experience in highway construction.
• Bachelor’s degree in a construction related discipline.
• Able to comprehend job costs, profit/loss statements, receivables, payables, and cash flow.
• Good written and verbal communication skills.
• Highly organized, self-motivated, detail oriented and numerically accurate.
• Accepting of exemplary ethical standards for contracting with state and federal authorities.
• Occasional overnight travel.

This position is an outstanding opportunity to make a real contribution to an established organization. Applications will be considered from managers with proven track records and ambitious individuals ready to transition into team leaders. $$$Six Figure Income, commensurate with experience. We offer health benefits, 401 k, vehicle allowance, and a generous uncapped performance related bonus!
